

EAGLE FLOW™ ACUTE DIALYSIS CATHETERS AND KITS

- Made with thermo reactive polyurethane material and radiopaque soft tip.
- Durable silicone extensions.
- Rotating suture wings allow for secure external anchoring.
- Large side holes improve blood flow and reduce clotting.

EAGLE FLOW™ single, double, and triple lumen catheters are intended for acute hemodialysis and apheresis therapy. Made from a thermo reactive, highly durable polyurethane material, the catheter cannula softens after insertion, increasing patient comfort and safety. Available in various FR sizes and lengths, Eagle Flow™ acute catheters and kits meet the various needs of doctors and patients.

EAGLE FLOW™ ACUTE DIALYSIS CATHETERS AND KITS

EagleFlow™ Acute Catheter Kits

Catalogue Number	Box Quantity	Carton Quantity	FRENCH	Length (cm)	Catheter Type	Extension Type
------------------	--------------	-----------------	--------	-------------	---------------	----------------

7Fr EagleFlow™ Acute Dual Lumen:

HMP-7f-2-12P-SSK	5	20	7	12	Straight	Straight
HMP-7f-2-15P-SSK	5	20	7	15	Straight	Straight

8Fr EagleFlow™ Acute Single Lumen:

HMP-1-15-SSK	5	30	8	15	Straight	Straight
HMP-1-20-SSK	5	30	8	20	Straight	Straight

12Fr EagleFlow™ Acute Dual Lumen (XX Designates Lengths of 13cm, 15cm, 20cm, or 24cm):

HMP-2-XX-SSK	5	30	12	XX	Straight	Straight
HMP-2-XX-SCK	5	30	12	XX	Straight	Curved
HMP-2-XX-CSK	5	30	12	XX	Curved	Straight

12Fr EagleFlow™ Acute Triple Lumen (XX Designates Lengths of 13cm, 15cm, 20cm, or 24cm):

HMP-3-XX-SSK	5	30	12	XX	Straight	Straight
HMP-3-XX-SCK	5	30	12	XX	Straight	Curved

14.5Fr EagleFlow™ Acute Double Lumen (XX Designates Lengths of 13cm, 15cm, 20cm, 24cm, or 30cm):

A40-1452XXSS	5	30	14.5	XX	Straight	Straight
A40-1452XXSC	5	30	14.5	XX	Straight	Curved
A40-1452XXCS	5	30	14.5	XX	Curved	Straight

Acute SINGLE lumen catheter with kit contains

1x polyurethane catheter with clamp and injection cap / 1x 18G introducer / 1x "J" guidewire 0,035"
1x 22G needle / 1x 8 Fr dilator / 2x syringe / 1x scalpel / 5x gauzes / 1 wound dressing/sterile field

Acute DUAL lumen catheter with kit contains

1x polyurethane catheter with clamps and injection caps / 1x 18G introducer / 1x "J" guidewire 0,035"
1x 22G needle / 1x 12 Fr dilator / 2x syringe / 1x scalpel / 5x gauzes / 1 wound dressing/sterile field

Acute TRIPLE lumen catheter with kit contains

1x polyurethane catheter with clamps and injection caps / 1x 18G introducer / 1x "J" guidewire 0,035"
1x 22G needle / 1x 12 Fr dilator / 2x syringe / 1x scalpel / 5x gauzes / 1 wound dressing/sterile field
